Thank you for your interest in supporting a foster family in your community.

Not all of us are compelled to foster or adopt, but we all can care for children in foster care. If fostering or adopting is not the right fit for your family right now, you can still join the story and help “wrap around” families in your community.

WRAP is a tool that helps mobilize people in their communities to support foster/adoptive/birth parents, and the kid’s in their care. When foster, adoptive, kinship, birth, and at-risk families have Wrap Around care, they are given the support they need to thrive.

Everybody can do something! What is YOUR something?

**Communicator**
Communicates updates, needs, prayer requests between foster family and WRAP Members

**Server**
Serves their assigned foster family at least once a month in one of the following ways

- Words of encouragement
